Bon Secours	Bon Secours Critical Care Transport is now officially licensed as an EMS agency and will begin operations on Monday; EMT, paramedic, RT, and RN comprise the crews; there was an issue where one of the pharmacy techs found phenylephrine was in the box (having to make epi kits) instead of epinephrine; the issue has been corrected and proper notifications have been made	
VCU/CHoR	Continued construction; nightly closures will begin next week for all of next week; watching the trauma arrests that are coming in and providing feedback from the amount of epi given against the new protocol	
HCA	Potentially implementing ESO's healthcare exchange; going through security assessment now	
ODEMSA	Regional Awards nominations are now open; submission deadline for Symposium has been extended; advised committee that ESO still doesn't have all data moved over from ImageTrend to ESO	
Medical Direction	Chippenham has been added to the trauma triage plan as a burn center

<p>Old Business:</p> <p>Reports</p>	<p>EMS System Item- work to “weed out” ESO reports so that we can get the data that we need; learning/teaching opportunity for BGL checks/documentation</p> <p>Trauma System- try to pull data showing if any patients obtained ROSC</p> <p>General EMS- steroid use is still at a minimum; it is hopeful that with the rollout of Handtevy, providers will be more comfortable with calculations for administration, thus increasing use; with medication administration, toradol wasn’t on the report, but per pharmacy committee, it is “woefully underused”; add toradol to current report; look at fentanyl and versed when given together, and the reasoning behind that; look at sub-associative doses (<0.5mg/kg or 50mg)</p> <p>**no reports this quarter due to VA moving from ImageTrend to ESO; all of the data has not been moved over, and was unable to compile**</p>	
<p>New Business:</p>	<p>Reid Burn-looking to develop a working group that models ODEMSA’s committees by having EMS and hospital providers be liaisons to create a process that provides feedback and offering education for live births/home births; concerns include can midwives ride with patients, what are each providers’ roles, and a feedback loop</p> <p>COVID updates – positivity rate is going down; Chesterfield states no longer requires providers to wear masks around the station, though they still have to wear them on the units/on calls</p> <p>**for next meeting, look at by-laws to clarify what constitutes a quorum and to look to see if any changes need to be made**</p>	<p>Motion by: Seconded by: Vote:</p>
<p>Next Meeting</p>	<p>May 13th, 2022</p>	
<p>Adjourn</p>	<p>The meeting was adjourned at 10:05 am.</p>	<p>Motion by: Seconded by: Vote:</p>
