<u>ODEMSA</u>		
	<p>Thank you for joining us for the Regional awards, and congratulations and good luck to the winners; the Training Director and PD 15 & 19 Field Coordinator positions are open; ODEMSA will be sending out a survey to see what agencies can transport “specialty outbreak” patients (i.e. ebola) and that OEMS is pushing out [travel and symptom] screening questions again</p>	

<p>Old Business:</p>	<p>Bubby Bish stated that he will be reaching out to Cumberland in regards to a recent MCI; Ken Smith left messages but hasn't received any information/follow-up/call back for follow-up in regards to inappropriate destinations</p> <p>Trauma Triage Day – referencing the HEAR radio and its future, no new information at this time (does it stay or does it go?) per Sam Burnette, work is being done to improve the HEAR system along the 460 corridor, so he doesn't think it will be going away</p> <p>MCI plan – per previous meeting, Bubby is waiting to see what the State was doing to update the MCI plan so that the ODEMSA plan lines up; per Sam Burnette, there is a possibility that there will be a chapter on ID outbreaks, but that the State is getting to the point where they may be starting to finalize that plan</p> <p>Dr. Yee had concerns that the MCI committee being heavily attended by hospitals; Bubby and Ken are working on getting more agencies involved; Ken asked if a survey could be sent out in regards to days/times and what would be most convenient for agencies to be involved</p>

Business from the Floor	<p>OEMS – Emergency Management Committee Meeting will be held Thursday Nov. 17th at 0900am at Embassy Suites</p> <p>Bubby and Ken are working on by-laws to help reach a quorum; looking at possibly making it agency-based and not person based to be represented on the committee</p> <p>ESO has an alerting system that gives providers a direct line to facilities via an app or laptop (the State has purchased the product; VCU was working on switching ePCR program but plans on implementing it soon and was wondering what other facilities were planning to do about the system); HCA states will look into it; Jessica Goodman states her division is already looking into it and looking to sign a user agreement for the app; VCU is in the process of running the program through their IT to make sure it is compatible</p>	<p>Motion:</p> <p>Second:</p> <p>Vote:</p>
