<p>Henrico</p> <p>Bon Secours</p> <p>VCU/CHoR</p> <p>ODEMSA</p> <p>Medical Direction</p>	<p>No report</p> <p>Introduced Lindsey Britt as the new PI Coordinator for Southside Medical Center</p> <p>Celebrated 75th anniversary of the Evans-Haynes Burn Center; Nicole Laurin was introduced as the new Pediatric Trauma Program Manager for CHoR</p> <p>Tiffany has left the organization; congratulations to the regional and state award winners</p> <p>No report</p>	
<p>Old Business:</p> <p>Reports</p>	<p>EMS System Item- “last known well” is in 3 different parts of the PCR in ESO and they don’t “link”; for BGL, is the report pulling from the “procedure” field or “vital signs” field (Tarsha will reach out to ESO to get some clarification); remove BP parameters and add “time of LKW” to report</p> <p>Trauma System- look to see if there’s a way to query an ongoing resuscitation in ED or expired in ED; redirect from trauma arrests a bit and look at trauma criteria to see if Tier 1 criteria patients went to a L3/non TC and total number of traumas (excluding trauma arrests); it was advised that OEMS has a report, and to reach out to them to get the report or the parameters to run the report</p> <p>General EMS- RAA and Chesterfield stated gave steroids to pediatric patients, though it didn’t pull in the ODEMSA report; double check parameters to make sure all steroids and their brand and generic name are in the report</p>

<p>New Business:</p>	<p>Infectious Disease Protocols – ebola doesn’t seem to be an issue here in VA/US but that COVID, RSV, and flu were on the rise and that the state is putting out a survey seeing what agencies were able to transport ebola patients if they did arrive (per Greg Neiman, 5 airports in the US fly people in from the regions of Africa that have the outbreak of ebola and that one of the airports is Dulles, so there is a possibility that ebola will come into the US and into VA From a PI perspective, would it be a good idea to look at destination “wall times” as they have been increasing over the last several weeks; RAA stated was starting an EMT-A course next month and was wondering if any agencies were using EMT-A’s as their own practice level</p>	<p>Motion by: Seconded by: Vote:</p>
<p>Next Meeting</p>	<p>February 10th, 2023</p>	
<p>Adjourn</p>	<p>The meeting was adjourned at 10:13 am.</p>	<p>Motion by: Seconded by: Vote:</p>
